	VETS 2 Governmentwide Acquisition Contract [GWAC]
	Period of Performance: February 23, 2018 - February 22, 2028
	Contract Number: 47QTC18D0046

About VETS 2 Contract Vehicle

Best in Class. OMB has named the VETS 2 GWAC a Best in Class contract for Information Technology (IT) services. The VETS 2 GWAC offers a unique opportunity to the Federal acquisition community as it is the only GWAC set-aside exclusively for Service-Disabled, Veteran-Owned Small Businesses (SDVOSB). VETS 2 is designed to meet a variety of diverse Agency IT requirements, including new and emerging technologies.

Meet Socioeconomic Goals. VETS 2 will enable your Agency to achieve its socio-economic goals and objectives without the time and expense of an open market procurement. Because VETS 2 is set-aside exclusively for SDVOSBs, Agencies can receive SDVOSB credit from awarded task orders.

Contract Scope. In addition to common IT services regularly purchased by the Federal Government, VETS 2 will also support projects that require new or emerging IT services. Examples of IT services within scope include: Data Management, Information and Communications Technology, IT Operations and Maintenance, IT Security, Software Development, and Systems Design.

Contract Vehicle Features and Benefits

Features	Benefits
Five-year base period and one, five-year option period	Enables long term planning of large scale program requirements
Contract types include: Fixed Price, Labor Hour, and Time and Material	Offers flexibility of contract types to mitigate risk
Access to highly qualified Service-Disabled, Veteran-Owned Small Business industry partners	Enables Federal Agencies to receive SDVOSB credit
No protests on orders under \$10M, except on the grounds that the order increased the scope, period, or maximum value of the GWAC	Minimizes protest risk and supports timely order award for optimal mission support

About Nationwide IT Services [NIS]

Our Mission for VETS 2. Become a trusted partner as a highly qualified and verified SDVOSB that focuses on delivering cost effective, and diverse Information Technology requirements through leveraging innovative and emerging solutions. We remain committed to doing what is right for our customers, for our employees, and for our Nation, today and tomorrow.

Our Values. Continue to serve our country by building a culture of professionalism, integrity, ambition, taking pride in helping our clients solve their toughest challenges. We empower our employees to be trusted partners to our clients through integrity, accountability, dependability, and positive energy.

Our Corporate Experience. NIS currently performs on **30** prime contracts across **12** Federal Agencies in **16** states across the USA including: New Hampshire, Massachusetts, Connecticut, New Jersey, Pennsylvania, Maryland, Virginia, Ohio, North Carolina, Georgia, Florida, Oklahoma, Texas, Colorado, California and the District of Columbia in all functional categories that are relevant to both Constellation I and II.

Our Client Services. NIS is more than IT Company! NIS leverages IT to deliver efficiencies while incorporating Human Factors to improve effectiveness. NIS blends People, Processes and Technology to address the technology gaps. We gather the resources, research, expertise, and industry experience to deliver focused results. Our solution architects innovate and turn clients' challenges to opportunities.

Our Capabilities. NIS is partnered with market leading technology partners that include: Microsoft, Google, Amazon Web Services, Citrix, CISCO, Oracle, Lenovo, Dell, Sonic Wall and many more. But we are vendor neutral partner that focuses on delivering best solutions to meet our customer's requirements. We connect clients to the best technology solution with complemented by processes and people for lasting results. The NIS' true differentiation is incorporating People, Processes and Technology.

Our Results. NIS delivers results as evident by our Exceptional CPAR Ratings and 98% Open Rating Report rated by an independent rating agency Dun & Brad Street for the last five consecutive years.

*"We are what we repeatedly do. Excellence then, is not an act, but a habit."
-Aristotle*
